

CHATKA

La pesca del Cangrejo Real CHATKA es extremadamente peligrosa y se realiza exclusivamente en cestas gigantes para capturar estos enormes crustáceos que llegan a un peso medio de 10kg en su época adulta (10-12 años)

The CHATKA King Crab fishing is extremely dangerous and is only done in huge baskets. The adult crabs reach an average weight of 10 kg. When those crustaceans are in their final stage of maturity, the meat is tasteful and ready for our canned Chatka

CHATKA es la marca de Cangrejo Real (*Paralithodes Camtschaticus*) capturado en las frías aguas de los mares de Okhotsk, Bering y Barents. CHATKA es considerado por los mejores chefs del mundo por sus propiedades organolépticas, con una textura y sabor únicos que satisface los paladares más exigentes.

DESDE 1923

*Chatka is the worldwide famous brand of King Crab (*Paralithodes Camtschaticus*) captured in the frozen sea waters of Okhotsk, Bering and Barents. Chatka is the best seafood in the world.*

SINCE 1923

Nuestros cangrejos gigantes se seleccionan uno a uno de forma artesanal y rigurosa para obtener únicamente los mejores ejemplares, lo que otorga la excelencia a la marca CHATKA.

Son procesados a bordo de los propios barcos y cocidos con agua de mar lo que les concede un sabor único.

Our giant crabs are selected one by one in a traditional and rigorous way to obtain only the best exemplary, which grants excellence to the CHATKA brand.

They are processed on board the ships themselves and cooked with sea water which gives them a unique flavor.

CON MÁS DE 100 AÑOS DE HISTORIA

CHATKA tiene sus orígenes en los años 30 y desde entonces se ha posicionado como líder en el mercado.

Los volúmenes en las capturas son muy estrictos y su captura muy tradicional, lo que garantiza la exclusividad del producto.

WITH MORE THAN 100 YEARS OF HISTORY

CHATKA has its origins in the 1930s and since then it has positioned itself as a leader in the market.

Capture volumes are very strict and its very traditional capture, which guarantees the product exclusivity.
